English

Nepali

ABOUT ME

Hello! I'm Prashanna Lohani, a passionate web developer proficient in HTML, CSS, JavaScript, React.js, and Python. With a focus on React development, I excel in crafting elegant and user-friendly web applications. I'm driven by the challenge of solving complex problems and turning ideas into reality through coding. I'm eager to continue expanding my skills and contribute to innovative projects, whether it's building responsive interfaces, optimizing performance, or collaborating with cross-functional teams.

WORK EXPERIENCE

Jan 2024- Present
Janaki Technology | Juwagal, Lalitpur

Associate Software Developer

At Janaki Technology, I specialize in backend development, utilizing languages such as Python with Django framework and HTML/CSS. My responsibilities include developing and maintaining robust web applications, implementing efficient backend solutions, and crafting engaging user interfaces. I thrive in a dynamic environment where I continuously enhance my skills in various technologies to deliver high-quality software solutions.

Apr 2023 - Sept 2023
Janaki Technology | Juwagal, Lalitpur

Intern / QA analyst

During my three-month internship as a Software Developer, I also assisted as a QA Analyst. In the developer role, I coded, implemented features, and resolved technical issues. Concurrently, I conducted manual testing, identified bugs, and wrote test cases for quality assurance. This dual role provided valuable insights into both development and QA processes, enhancing my skills and versatility in software engineering.
